

## Diabetes PSA – Jonas Brothers (:60)

[Kevin] Hey, what's up everybody? I'm Kevin.

[Joe] Hi everyone. I'm Joe.

[Nick] I'm Nick and we're the Jonas brothers. As most of you know, I have diabetes. If you have diabetes too, you know it's something you have to deal with every day. Diabetes is serious, but you can learn to manage it just like I do.

[Kevin] And guess what? You're not alone. Join a support group and talk to other people with diabetes.

[Joe] Involve your entire family and talk to your doctor about how you feel and what you need. We support Nick and help him manage his diabetes. You can get support too.

[Nick] Manage your diabetes *now* to prevent other health problems in the future. For more information, visit the National Diabetes Education Program at [YourDiabetesInfo.org](http://YourDiabetesInfo.org) or call 1-888-693-NDEP.

[Announcer] The National Diabetes Education Program: your source for free diabetes information.
