

## **My Story PSA (:30)**

[Deb] I was talking to my best friend. I told her I wasn't feeling like myself. I had pain in my pelvic area, and bleeding that wasn't normal for me. She said I *had* to go to the doctor. Turned out I had uterine cancer, a type of gynecologic cancer. I received treatment and we're confident I'll be fine. Please listen to your body. If something doesn't feel right for two weeks or longer, see your doctor.
