

# **We Can Stop HIV One Conversation at a Time**

*[Announcer] This program is presented by the Centers for Disease Control and Prevention.*

[Narrator 1] HIV and AIDS affects us all.

[Narrator 2] My dad talks to me about HIV because he cares.

[Narrator 3] It may not be easy to talk about HIV, but we must talk openly about it.

[Narrator 4] Anyone can get HIV. It doesn't matter your age, gender, or sexual orientation.

[Narrator 5] Talk about HIV with your friends and family.

[Narrator 6] We can stop HIV, one conversation at a time.

[Narrator 7] Get the facts and tips on how to start *your* conversation at [cdc.gov/OneConversation](http://cdc.gov/OneConversation).

*[Announcer] For the most accurate health information, visit [www.cdc.gov](http://www.cdc.gov) or call 1-800-CDC-INFO.*
