

STD Awareness PSA – College 1 (:30)

[Waiter] Here's your cappuccino, miss.

[Female] Great, thanks.

[Waiter] (to another patron) Coffee with cream?

[Female] Look, almost half of all new S-T-D infections are among young people 15 to 24 years old. Yet, most infections have no symptoms. The only way to know *for sure* is to be tested.

So G-Y-T: Get Yourself Tested. Visit G-Y-T-now-dot-org to find an S-T-D testing location near you.

A message from C-D-C.
